**AJIC Mission Statement**

The mission of the *American Journal of Infection Control (AJIC)* is to disseminate worldwide, up-to-date, and credible information to reduce the impact of infections in health care and other settings. AJIC publishes peer-reviewed clinical information, research, and practice guidance regarding health care-associated infections and provides multidisciplinary perspectives on policy issues of importance to the field.

AJIC is the official journal of the Association for Professionals in Infection Control and Epidemiology, Inc.
